Hi Chris,

Hope all's well.

In addition to Great Basin UAPCD, there are a couple of other CA agencies interested in becoming independent PQAO's. In order to resolve how this will happen, I am trying to arrange a conference call for next Friday, November 21st at 10:00 am PST. (The other two districts are San Luis Obispo and Santa Barbara and they may consider becoming a single PQAO.) Through this discussion, I am hoping to get an outline of the steps needed for both EPA Region 9 and the interested agencies. Is there any chance you are available to call in? I value your thoughtful contributions and this is new territory (somewhat) so we need problem solvers or 'solution finders' involved.

Thanks for your consideration,

Catherine
